Company Profile

A Message from the President

“*FRESH FROZEN AJINOMOTO.*” ~Wow to Smile~

The Ajinomoto Group's frozen foods business began with the establishment of Ajinomoto Restaurant Foods in 1970 with the desire to "deliver the restaurant-quality food".

More than 50 years later, frozen foods have become a favorite in many households.

Now, Ajinomoto Frozen Foods is ready to take on the challenge of further evolution.

Our factory is a "big kitchen."

We always try to select the freshest ingredients and cook them carefully with big knives, big pots, and big pans.

Thinking of your smiles which you are delighted by our products.

We feel that this is the precisely "cuisine" that has taken over the handmade "love and kindness".

Under the age of rapid change and in tune with new ways of living and working, the future of handmade food is a teamwork between you and us, Ajinomoto Frozen Foods.

Ajinomoto Frozen Foods will contribute to the Well-being of all of you by offering excellent deliciousness, exciting and fun experience, kindness for a healthy body and the eco-friendliness.

Beyond handmade

“*FRESH FROZEN AJINOMOTO.*” ~Wow to Smile~
